

Index to *Cartography and Geographic Information Science* Volume 30

Authors

- Aerts, Jeroen C.J.H., Keith C. Clarke, and Alex D. Keuper. 2003. Testing popular visualization techniques for representing model uncertainty. 30(3): 249-61.
- Beard, Thomas. 2003. See Usery et al. 30(1): 69-79.
- Bearden, Morgan. 2003. See Usery et al. 30(1): 69-79.
- Boscoe, Francis, and Linda W. Pickle. 2003. Choosing geographic units for choropleth rate maps, with an emphasis on public health applications. 30(3): 237-48.
- Brewer, Cynthia A. 2003. A transition in improving maps: The ColorBrewer example. 30(2): 159-62.
- Brewer, Cynthia A., Geoffrey W. Hatchard, and Mark A. Harrower. 2003. ColorBrewer in print: A catalog of color schemes for maps. 30(1): 5-32.
- Buckley, Aileen. 2003. Atlas mapping in the 21st century. 30(2): 149-58.
- Carson, Thomas M. 2003. The Shuttle Radar Topography Mission and GeoSAR Interferometric Synthetic Aperture Radar programs at National Imagery and Mapping Agency. 30(2): 179-80.
- Clarke, Keith C. 2003. See Aerts et al. 30(3): 249-61.
- Cliburn, D. C. 2003. See Slocum et al. 30(1): 299-317.
- Cox, John D. 2003. See Usery et al. 30(1): 69-79.
- Crampton, Jeremy W. 2003. Cartographic rationality and the politics of geosurveillance and security. 30(2): 135-48.
- Cromley, Robert G., and Dean M. Hanink. 2003. Scale-independent land-use allocation modeling in raster GIS. 30(1): 343-50.
- Davidson, R.A. 2003. See Lembo, Jr. et al. 30(1): 335-42.
- Fabrikant, Sara Irina. 2003. Commentary on "A History of Twentieth-Century American Academic Cartography" by Robert McMaster and Susanna McMaster. 30(1): 81-84.
- Fabrikant, Sara Irina. 2003. See Skupin and Fabrikant. 30(2): 99-119.
- Feddema, J.J. 2003. See Slocum et al. 30(1): 299-317.
- Feuquay, Jay. 2003. See Saunders et al. 30(2): 211-15.
- Findley, John. 2003. Geographic analysis and monitoring at the U.S. Geological Survey. 30(2): 203-10.
- Finn, Michael P. 2003. See Usery et al. 30(1): 69-79.
- Frye, Charlie. 2003. The 1:24,000-scale topographic base map data model. 30(2): 163-68.
- Galanda, Martin, and Robert Weibel. 2003. Using an energy minimization technique for polygon generalization. 30(3): 263-79.
- Hanink, Dean M. 2003. See Cromley and Hanink. 30(1): 343-50.
- Harrower, Mark. 2003. See Brewer et al. 30(1): 5-32.
- Harvey, Francis. Transitions in U.S. cartography and geographic information science. 30(2): 95-8.
- Hatchard, Geoffrey W. 2003. See Brewer et al. 30(1): 5-32.
- Kelmelis, John. 2003. To *The National Map* and beyond. 30(2): 185-198.
- Kelmelis, J. 2003. See Saunders et al. 30(2): 211-15.
- Kimerling, A. Jon. 2003. See Sahr et al. 30(2): 121-34.
- Keuper, Alex D. See Aerts et al. 30(3): 249-61.
- Lambert Carson, Susan. 2003. See Zourarakis et al. 30(2): 175-78.
- Lee, Kent D., and Andrei Shumakov. 2003. Access to geospatial data in 2003: A global survey of public policy and technological factors. 30(2): 225-30.
- Lembo, Arthur J., Jr., Rachel A. Davidson, Thomas D. O'Rourke, and Linda K. Nozick. 2003. Computing Distance to the nearest utility: As the Crow flies vs. as the gas flows. 30(1): 335-42.
- McMaster Robert B., and Susanna McMaster. 2003. Response to Fabricant's commentary. 30(1): 85-87.
- Miller, J. R. 2003. See Slocum et al. 30(1): 299-317.
- Nozick, L.K. 2003. See Lembo, Jr. et al. 30(1): 335-42.
- O'Rourke, T.D. 2003. See Lembo, Jr. et al. 30(1): 335-42.
- Palmer, M. 2003. See Zourarakis et al. 30(2): 175-78.
- Pickle, L. W. 2003. See Boscoe and Pickle. 30(3): 237-48.
- Pijanowski, Bryan C. 2003. See Shellito and Pijanowski. 30(3): 281-90.
- Plewe, Brandon. 2003. Representing datum-level uncertainty in historical GIS. 30(1): 319-34.
- Roth, Keven. 2003. Initial implementation of *The National Map*. 30(2): 199-202.
- Ruhl, Sheila. 2003. See Usery et al. 30(1): 69-79.
- Sahr, Kevin, Denis White, and A. Jon Kimerling. 2003. Geodesic discrete global grid systems. 30(2): 121-34.
- Saunders, Theodore. Jay Feuquay, and John A. Kelmelis. 2003. The U.S. Geological Survey Land Remote Sensing Program. 30(2): 211-15.
- Saux, Eric. 2003. B-spline functions and wavelets for cartographic line generalization. 30(1): 33-50.
- Shellito, Bradley A., and Bryan C. Pijanowski. 2003. Using neural nets to model the spatial distribution of seasonal homes. 30(3): 281-90.
- Shumakov, Andrei. 2003. See Lee and Shumakov. 30(2): 225-30.
- Skupin, André, and Sara Irina Fabrikant. 2003. Spatialization methods: A cartographic research agenda for non-geographic information visualization. 30(2): 99-119.
- Slocum, Terry A., Daniel C. Cliburn, Johannes J. Feddema, and James R. Miller. 2003. Evaluating the usability of a tool for visualizing the uncertainty of the future global water balance. 30(1): 299-317.

- Stefanakis, Emmanual. 2003. Representation of generalized map series using semi-structured data models. 30(1): 51-68.
- Trainor, Timothy. 2003. U.S. Census Bureau geographic support: A response to changing technology and improved data. 30(2): 217-23.
- Usery, E. Lynn, Michael P. Finn, John D. Cox, Thomas Beard, Sheila Ruhl, and Morgan Bearden. 2003. Projecting global datasets to achieve equal areas. 30(1): 69-79.
- Vandegraft, Douglas L. 2003. Report on cartographic and GIS activity in the U.S. Fish and Wildlife Service. 30(2): 169-73.
- Wayne, Chris. 2003. Profiling cartographic education in GIS certificate programs. 30(2):181-84.
- Weibel, Robert. 2003. See Galanda and Weibel. 30(3): 263-79.
- White, Denis. 2003. See Sahr et al. 30(2): 121-34.
- Zourarakis, Demetrio P., Susan Carson Lambert, and Mike Palmer. 2003. Towards developing Kentucky's Landscape change maps. 30(2): 175-78.
- Geographic analysis and monitoring at the United States Geological Survey. Findley, John. 2003. 30(2): 203-10.
- Initial implementation of *The National Map*. Roth, Keven. 2003. 30(2): 199-202.
- Profiling cartographic education in GIS certificate programs. Wayne, Chris. 2003. 30(2):181-84.
- Projecting global datasets to achieve equal areas. Usery, E. Lynn, Michael P. Finn, John D. Cox, Thomas Beard, Sheila Ruhl, and Morgan Bearden. 2003. 30(1): 69-79.
- Report on cartographic and GIS activity in the U.S. Fish and Wildlife Service. Vandegraft, Douglas L. 2003. 30(2): 169-73.
- Representation of generalized map series using semi-structured data models. Stefanakis, Emmanual. 2003. 30(1): 51-68.
- Representing datum-level uncertainty in historical GIS. Plewe, Brandon. 2003. 30(1): 319-34.
- Response to Fabricant's commentary. McMaster Robert B., and Susanna McMaster. 2003. 30(1):85-87.
- Spatialization methods: A cartographic research agenda for non-geographic information visualization. Skupin, André, and Sara Irina Fabrikant. 2003. 30(2): 99-119.
